SUMMARY

Licensed Civil Engineer with experience in construction estimating, quantity surveying, project engineering, and cost estimation. Proficient in preparing quantity takeoffs, reviewing construction drawings, and developing material and cost estimates using **Bluebeam Revu, PlanSwift, AutoCAD, and Microsoft Excel**. Experienced in interpreting architectural and structural plans, preparing Bills of Quantities (BOQs), and supporting preconstruction planning. Detail-oriented, analytical, and committed to delivering accurate estimates while contributing effectively to collaborative project teams.

CORE SKILLS

- Construction Estimating
- Quantity Takeoffs
- Material Takeoffs
- Cost Estimation
- Bill of Quantities (BOQ)
- Bluebeam Revu
- PlanSwift
- AutoCAD
- Microsoft Excel
- Google Sheets
- Construction Drawing Interpretation
- Architectural & Structural Plans Review
- Technical Documentation
- Project Coordination
- Budget Preparation
- Procurement Support
- Attention to Detail
- Time Management
- Communication & Team Collaboration

PROFESSIONAL EXPERIENCE

Project Engineer

Kanaway Builders Corporation | 2025 – 2026

- Assisted in preparing project cost estimates and budgets before construction.
- Reviewed construction drawings, specifications, and project documents to support planning and estimation.
- Verified material quantities and assisted with quantity takeoffs for project requirements.
- Coordinated with suppliers, subcontractors, and project teams regarding materials and project schedules.
- Monitored project progress, manpower, and resources using Microsoft Excel and Google Sheets.
- Prepared project reports, documentation, and progress updates.
- Supported daily project coordination to help ensure projects were completed on schedule.

Quantity / Site Engineer

Coastland Construction & Development Corporation | 2022 – 2025

- Performed accurate quantity takeoffs using **Bluebeam Revu** and PlanSwift by reviewing architectural, structural, and civil construction drawings for estimating and budgeting purposes.
- Verified material quantities against construction drawings and project specifications to improve estimate accuracy.
- Prepared material estimates, Bills of Quantities (BOQs), and cost estimates for construction projects.
- Reviewed architectural, structural, and engineering plans to ensure accurate quantity calculations.
- Assisted in preparing project budgets and monitoring project costs throughout construction.
- Coordinated with project engineers and procurement teams regarding material requirements.

Remote Sales Representative

JacknBo (U.S.-Based Online Clothing Company) | 2020 – 2022

- Assisted customers through online chat and social media platforms.
- Built relationships with prospective customers and generated sales through effective communication.
- Answered product inquiries and provided timely customer support.
- Managed social media pages to improve customer engagement and brand visibility.
- Worked efficiently in a remote team environment while meeting daily performance goals.

SOFTWARE & TOOLS

- Bluebeam Revu
- PlanSwift
- AutoCAD
- Microsoft Excel
- Google Sheets
- Microsoft Office Suite
- Adobe Acrobat
- Microsoft Word

EDUCATION

Bachelor of Science in Civil Engineering

Davao Oriental State University | 2015 – 2020

LICENSE & CERTIFICATIONS

- Licensed Civil Engineer (PRC)
- Construction Occupational Safety and Health (COSH) – Safety Officer 2
- Loss Control Management (LCM) & Hazard Identification, Risk Assessment, and Control (HIRAC) – Safety Officer 3
- Certificate in Technical Drafting
